Celebrating more than **100** years of excellence

CIFOZ
Construction Industry
Federation of Zimbabwe
Since 1915

*A key enabler in
the development
of Zimbabwe*

... towards ISO 9001:2015 Certification

Background

The Construction Industry Federation Of Zimbabwe (CIFOZ) is a Non-Profit Construction Contractors Association formed in 1915. The Federation has over 1000 Professional Members and / or Companies in a diversity of different construction trades.

Our Vision

“To dominate the infrastructure development landscape”

Our Mission

“CIFOZ exists to deliver world class infrastructure projects for national development”

Our Core Values (SPCIRS)

Safety- We will provide a safe working environment for our employees and stakeholders. We will protect the environment in all dealings with nature.

Professionalism- We will not compromise on quality for whatever reason. We will be honest at all times.

Consistency- We will always deliver quality service consistently.

Integrity- We will strive to carry out our business in a morally sound and transparent manner befitting of a professional body.

Reliability- We will always deliver what we promise on time.

Social Responsibility- As a very responsible organization, will play our part in community development.

Diversity- Respect the diversity in the industry reflected in cultural heritage in construction projects.

It is owned by its members and its activities co-ordinated by volunteers from the industry.

CIFOZ basic structure

OUR SERVICES

- ★ Dissemination of information to members
- ★ Professional and technical assistance to members
- ★ Provide a networking platform for members
- ★ Leadership and management Development Programmes
- ★ Recognition and credibility
- ★ Facilitating of training and development

Important reasons why you should be a CIFOZ member

- ★ **Tender Bulletin** - a weekly publication containing details of available and potential work both national and continental.
- ★ **Industry Intelligence** - a weekly update on tender results, issues affecting members and the industry in general
- ★ **Dispute Resolution** - between members or members and clients including full mediation and arbitration services.
- ★ **Tender Uplift Service** for members operating out of Harare. A service that collects tender documents and ensures delivery by overnight mail
- ★ Provision and interpretation of contract documents.
- ★ Supplies of all essential documentation (such as construction contracts, methods of measurement, labour contracts, Codes of Practice for Tendering.)
- ★ **Government Relations** - Information on current legislation and knowledge that you will be well represented on matters affecting your industry.
- ★ Assistance in all aspects of Labour Relations matters.
- ★ Technical development through specifically designed training courses, seminars and conferences
- ★ Direct and personal assistance on Tendering, Health and Safety, Labour and Contracting.
- ★ Recognition and Credibility - by being a member of the country's foremost contractors' association.
- ★ The Federation add value to members through members participation.
- ★ Networking with contractors through star meetings, get-togethers, business and social functions organized throughout the year.
- ★ Lobby for work from Government, Local Authorities, Embassies, the Private Sector and other stakeholders on behalf of CIFOZ professional members.
